DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-4 and 35-36 are rejected under 35 U.S.C. 102(b) as being anticipated by Embree et al (6277164).

Embree et al discloses the claimed invention as recited in claims 1-4 and 35-36. Embree et al disclose an appliance having a main body (80) with a rolling surface (90b and the other wheel and an access hatch aperture for wheel shaft), a yoke assembly (30), A shell (123b&232), fluid inlets and outlets (30), inlet and outlet ducts (240), a means of separating matter (80 or fliter) and a cleaner head (111).

3. Claims 1-4 and 35-36 are rejected under 35 U.S.C. 102(b) as being anticipated by Wright et al (6745432).

Wright et al discloses the claimed invention as recited in claims 1-4 and 35-36. Wright et al disclose an appliance having a handle (20), a main body (A) with a rolling surface (38 and whereby the whole body becomes a rolling surface and a access hatch which is the aperture for the shaft), A shell (123b&232), fluid inlets

and outlets (40&42), inlet and outlet ducts (240), a cleaner head (C), a yoke (D), and a means of separating matter (180 or filter).

Allowable Subject Matter

4. Claims 5-20, 22-30, and 33-34 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

5. Applicant's arguments with respect to claims have been considered but are moot in view of the new ground(s) of rejection.

- a. The art was reapplied to the claims and new allowable subject matter was indicated.
- b. The amendment were considered and art was applied where deemed valid.

Conclusion

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The 892 form list prior art being made of record.
